

LISAvienna Business Treff in cooperation with Fit for Health 2.0

SMEs in Horizon 2020: opportunities and challenges

Wednesday, 12 October 2016

LISAvienna in collaboration with the EU-funded initiative “Fit for Health 2.0” (coordinated by FFG) is organizing a **Business Treff** in Vienna, Austria. Almost three years after the start of Horizon 2020 we are discussing first lessons learned together with representatives from the European Commission, international experts for financing, valuation, Intellectual Property (IP), innovation and business development. Use this Business Treff to also hear the opinion of two Austrian companies who faced very different experiences in Horizon 2020.
